STUDIES

University of Miskolc, Electrical engineer Bsc
Ending: 2022

About me:

I was born in Roznava, in Slovakia, but my parents are Hungarian. I moved to Miskolc, when I started high school, I graduated at Lévy József Reformed high school with excellent rating. Now I'm studying in University of Miskolc on Electrical engineer Bsc department. After I finished the Bachelor's degree here, I want to continue my studies in Vienna on Computer Science Msc. My hobbies are cycling, reading and programming. I also like history, geography, mathematics and psychology. I love driving and studying new things. I often read books about learning methodology, psychology and personal development. My idols are Bill Gates, Elon Musk and Miklós Horthy.

EXPERIENCE

Tutor | University of Miskolc, HÖK

2019 – 2020

Teaching: Analysis(1,2), Linear Algebra, Electrical calculations(1,2,3), Digital systems(1,2,3)

Private lessons

2018 – 2020

Electrical engineering, programming and mathematical subjects

EXPERTISE AND SKILLS

- University-level knowledge of mathematics, and most of electrical engineer subjects
- Medium knowledge of specialized computer programs: matlab, labview, xilinx-ise, office products
- Using linux and windows systems and the command line
- Self-taught programming skills:
 - Low level: C#, pascal, json, jquery
